Swiss IO Day 2016

Call for Papers

Dear Colleague,

On behalf of the organizing committee, we invite you to participate in the Swiss IO Day 2016, which will take place at the University of Bern on Friday, May 27, 2016.

As in the previous years, this day is meant as a get-together for economists who work in industrial organization and competition policy. We hope that this format will once again allow for fruitful discussions and exchanges of ideas. We plan presentations in a time frame from 9am to 6pm.

We are very pleased to announce that Kai-Uwe Kühn from the University of East Anglia and former chief economist of DG Competition at the European Commission will give a keynote speech.

If you want to present your research at the conference, please send a copy of your paper to fiona.scheidegger@vwi.unibe.ch by March 31, 2016 the latest. The final program will be communicated in the mid of April.

Please also feel free to pass on this invitation to interested colleagues.

We look forward to seeing you in Bern next May. Do not hesitate to contact us if you have any questions.

Best regards,

Winand Emons and Marc Blatter
