Swiss IO Day 2017

Call for Papers

Dear Colleague,

On behalf of the organizing committee, I invite you to participate in the Swiss IO Day 2017, which will take place at the University of Bern on Friday, June 9, 2017.

As in the previous years, this day is meant as a get-together for economists who work in industrial organization and competition policy. We hope that this format will once again allow for fruitful discussions and exchanges of ideas. We plan presentations in a time frame from 9am to 6pm.

We are very pleased to announce that Martin Peitz from the University of Mannheim will give a keynote speech. He is a director of the Mannheim Centre for Competition and Innovation, and member of the economic advisory group on competition policy at the European Commission.

If you want to present your research at the conference, please send a copy of your paper to fiona.scheidegger@vwi.unibe.ch by March 31, 2017 the latest. The final program will be communicated by the end of April.

Please also feel free to pass on this invitation to interested colleagues.

We look forward to seeing you in Bern next June. Do not hesitate to contact me if you have any questions.

Best regards,

Winand Emons
