Ph.D. Positions in Econometrics at the University of Bern

A Ph.D. student position is open in the econometrics group at the Department of Economics at the University of Bern, Switzerland.

Your position

You will participate in the teaching and research activities of the econometrics group of the Department of Economics. In particular, you will be involved in the sub-project “P-hacking,” part of the collaborative project “Perception in Statistics, Econometrics, and Probability,” funded by the University of Bern.

Your profile

You have recently earned or are about to finish a master’s degree in economics or a neighboring field with excellent grades

You have a strong background in econometrics/statistics, a genuine interest in econometric methods and their applications, and solid programming skills

You have an excellent command of English

You want to pursue an academic career after your Ph.D

We offer You

A 100% position with attractive financial benefits;

A dynamic and research-oriented environment with a human dimension in which one-to-one advising takes place regularly;

Enrollment as a Ph.D. student in the Gerzensee program for doctoral students or another doctoral program in Switzerland;

A rigorous preparation for the academic job market and positions in public and private institutions. Recent placements include, for instance, the University of San Diego, the University of Amsterdam, the Swiss National Bank, and the Swiss State Secretary for Economic Affairs.

Contact

Blaise Melly (blaise.melly@unibe.ch) and Costanza Naguib (costanza.naguib@unibe.ch).

For further information, contact us directly by email or see our web pages.

Application

The application should include the following:

- A CV
- A cover letter describing research interests
- Copies of transcripts of academic records

The candidates should also submit their master’s thesis or some other examples of their research.

Please send your application by email to phd.economics.bern@gmail.com.

Applications will be processed until we fill the position.
