Post Doc Position in Economics of Education (80%)

The Centre for Research in Economics of Education (www.ffb.unibe.ch) invites applications for a Post Doc position in the field of economics of vocational and professional education as part of the research program of the Swiss Leading House on VPET Economics (www.leadinghouse.ch).

The successful applicant is expected to have demonstrated above average empirical skills in her/his PhD thesis. We expect a strong interest for questions relevant for the economics of education, labour economics or applied econometrics, with a particular focus on topics in vocational and professional education and training. We offer the environment of a top-class economics department complemented by the research infrastructure of the Leading House, which has its own doctoral programme with renowned international lecturers. You will be part of a team with another post-doc, an assistant professor and two PhD students. You will have preferential access to novel empirical datasets and resources to build up your own research profile.

The job is offered for a duration of two years, renewable for another 2 years. The expected starting date of work is February 1, 2024 or as soon as possible by agreement.

Applications, including a letter of motivation, diploma, copy of the PhD thesis and one letter of reference, should be addressed electronically to Dr Daniel Goller (daniel.goller@unibe.ch), latest by November 15. Questions can be directed to Professor Stefan Wolter (stefan.wolter@unibe.ch).
